

ALIEN ENEMIES HERE MUST SURRENDER ARMS

Chief Werner Expects Unnaturalized Germans of City to Comply Promptly.

HEAVY PENALTY IS PROVIDED

Failure to Give Up Firearms, Explosives and Apparatus Punishable by Summary Arrest and Confiscation of Materials.

Under the provisions of the proclamation issued by President Wilson on April 6 for the disarmament of all alien enemies, which, under the present international situation, affects only unnaturalized Germans, Chief of Police Werner received yesterday instructions from the department of justice requesting his co-operation in the work. Every police officer will be furnished with a copy of the instructions and directed to see that its requirements are carried out.

Major Werner said last night that he expected all alien enemies in this city to bring every firearm and other article mentioned by the department to the police headquarters and surrender them at once. The police have not, of course, any records showing the number of aliens in Richmond, but Major Werner said he did not contemplate searching the homes of aliens unless information brought to the attention of the department warrants such action.

WERNER IS NOTIFIED

BY ATTORNEY-GENERAL

The letter from Attorney-General Gregory concerning the co-operation of the Richmond police, is as follows: "Under the proclamation of the President, dated April 6, 1917, it is unlawful for alien enemies to have in their possession the following articles: 'Any firearm, weapon, or implement of war, or component part thereof, ammunition, Maxim or other silencer, bomb or explosive, or material used in the manufacture of explosives; any aircraft or wireless apparatus, or any form of signaling device, or any form of cipher code, or any paper, document or book written or printed in cipher, or in which there may be invisible writing.'

"Your co-operation in enforcing this proclamation is earnestly desired, and you are requested, if possible, to post notices or otherwise, notify all alien enemies within your locality to bring to police headquarters and surrender any and all articles which it is unlawful to have in their possession. A sufficient receipt should be given for all articles so surrendered, and at the close of the war such articles should be returned.

"Any alien enemy who fails to surrender such articles within twenty-four hours after public notice given by you will be subject to summary arrest if such articles shall be found in his possession, and the articles will be seized and forfeited to the use of the United States."

Miss Mary V. Ryland, the visiting nurse of the open-air schools, who is employed by the Richmond Education Association, reported Wednesday afternoon at the monthly meeting of the open-air schools committee of the association that most satisfactory results had followed her activity in March.

Miss Ryland gave sixty-eight talks on health to classes during the month, made 103 visits to homes and examined 153 pupils. Of those examined, she gave successful treatment to forty, saw that twenty were cared for by a dispensary and sent thirty-eight to physicians and dentists.

Hero of Gallipoli No Hero to Wife

Mrs. Mark Alexander Quarrels With Husband, but Court Plays Peacemaker.

In the role of peacemaker, Justice Crutchfield yesterday succeeded in smoothing the differences between Mark Alexander, thirty-one years old, a hero of the Gallipoli front, and his wife. They were both in the Police Court as a result of a disagreement in their home, 627 Church Street, Wednesday night. Alexander returned home intoxicated and attacked his wife, who fired a revolver in the street to summon aid. The shot resulted in a riot call to the police and created intense excitement in the neighborhood.

At the outset of the hearing yesterday both husband and wife were at odds. The court fined the husband \$10 and the wife \$50, but, upon their promise to "forgive and forget," he said that he would trust them for their future behavior. If they live in harmony in the future the case is closed. It was apparent at the hearing that jealousy had played no small part in the disagreement, although Mrs. Alexander asserted that her husband treated her badly by leaving her and their two children without funds when he left this country for the battle front.

SOUTHERN RAILWAY MEN RAISE FLAG OVER SHOPS

Patriotic Fund Is Subscribed by Employees of Foundry and Pattern Departments.

Employees of the Southern Railway Shops, South Richmond, raised a large United States flag over the plant yesterday at noon. The flag was purchased with money subscribed by employees of the foundry and pattern departments, and was raised on a pole erected on the western end of the foundry building, near the end of the Free Bridge.

The ceremony took place during the noon hour, with the majority of the men of the shops present. Foreman Alderman Robert L. Patram was the speaker of the occasion, being introduced by Thomas B. Morton. The flag hoisted to its position by Miss Phoebe McCricker. During the ceremony patriotic airs were played by a band composed of workmen. The committee in charge of the flag-raising was composed of G. A. Jewett, E. L. Williamson and S. C. Rowe.
